Venue: Kungkas Can Cook
Diarama Village, Alice Springs
$25 p.p. for a welcome drink and a light dinner

Karina Lester

Yankunytjatjara/Pitjantjatjara
Second Generation Nuclear Survivor

"Irati Wanti - The Poison Leave It!"

For decades now Karina Lester has been Talking Strong against the Nuclear testing and Nuclear Waste Dump pressures the Government have been imposing on not only her people but the wider community of South Australia and the Nation.

Karina has taken her late Father's Story across this nation and around the globe to remind everyone that Aboriginal people also suffered and still suffer to this day the impacts of Nuclear Testing on their Traditional Lands

Karina will share with us her Grandmother's journey; her late Father's story and her personal journey as a second generation survivor of the British Nuclear Tests in South Australia.

***

Under the auspices of **ASPATT**
The Alice Springs Peace Action Think Tank
A member of the Independent and Peaceful Australia Network (IPAN)

Bookings Essential
Reservation: **RSVP by Thursday 2nd August** (Payment in cash at the door)
